Modular Series

# LARGE TUBE CUTTER MODULE

The M700LT Large Tube Cutter Module cuts large tubing to your specifications. The Large Tube Cutter Module uses an innovative cutting mechanism to cut flexible tubing squarely and with precision.

- Innovative cutting head cuts tubing to 1-1/8" OD
- Automatic or manual processing capabilities
- Can be integrated into existing processes/equipment

ADAPTING TO DIFFERENT PROJECTS, MATERIALS AND SPECIFICATIONS IS SIMPLE AND TAKES ONLY SECONDS.
